SUPREME SOUND SYSTEMS

Systems #1, #2, #3

Rack-Mounted Components

Rolling Rack (optional)

These stationary and portable fitness, cycle and dance studio sound systems feature some of our most popular audio components...but are completely flexible to meet your special needs. Mix and match other components. Choose a carpeted rack (rack wheels optional) or a rolling rack with integrated wheels and retractable handle. System #1 includes a wireless headset microphone system.

Optional QuikLok Rack Stand raises the sound system up to bike level for cycle systems.

Speaker choices are suggested, but substitute any other speakers to suit your needs.

Remember, no dance or fitness program works unless everyone can hear both voice and music clearly!

Entertainment – Audio, Lighting & Video System

MEDIA MANAGER NETWORK™
by SupremeAudio

SUPREME AUDIO

Entertainment System #4

At the heart of the Supreme Audio Entertainment System #4 is the MediaManagerNetwork™ Video & Audio Management System with an InFocus IN3118HD 3600 Lumens Digital Projector and the Paint On Screen (painted on the wall).

MediaManagerNetwork™ has been installed across the country for more than two years now and our clients are raving about the great response of their clients and the features which are included.

Add to this wonderful system, the sound system which will be just perfect for so many gyms.

This is a perfect combination for programs such as Surfset Fitness™ facilities.

This is the basic system and we are completely flexible to as to other components to meet your special needs. Mix and match as needed!

SAME DAY SHIPPING

New
THE BREEZE™

GO JUMP IN THE POOL!

It's the all new 100% Submersible, Waterproof Combo Headset Wireless Mic The Only In-Pool Headset Transmitter! Includes a Built-In Rechargeable Battery Save Money by never having to replace batteries again!

Supreme Audio's The NEW BREEZE Submersible Combo Headset Mic System

You actually CAN go jump in the pool! The NEW Breeze™ lets you actually jump into the pool and then talk or instruct right from the surface of the pool. This is an exclusive from Supreme Audio! It's taken us almost 2 years of engineering and testing to get this transmitter headset where we wanted it using the crystal clear 900 MHz frequency range. Up to 10 channels can be used simultaneously. Easy to select channels on the transmitter and the receiver with the click of a button. You can expect the same outstanding clarity and quality you've come to know from every Supreme Audio product.

Comfortable & Easy to Wear

Tiny, Lightweight Mic Transmitter Attached Right To Your Mic. As with the original BREEZE, our "NEW Breeze" COMBO headset/transmitter mounts right on Supreme Audio's comfortable and Hard-Use™ SA159 headset. Incredibly small, The NEW Breeze™ features an easy-to-reach Power On/Off switch and channel selector button.

Built-In Rechargeable Battery

We've built in the latest Lithium Ion technology so that the battery has a life of 8 hours. When not in use, simply snap the charging module right over the mounted transmitter. Fully recharges in 3 hours. The Lithium Ion batteries have no "memory" problem so you cannot damage the battery by charging it frequently.

WIRELESS MICROPHONE FOAM WINDSCREENS

Foam Windscreens protect your wireless microphone headsets from excessive moisture and eliminate the "pops" at high volumes. It's important to have the correct windscreen for your microphone to ensure a proper fit. We offer windscreens for all headset mics. If you do not see your mic below...just contact us for the correct windscreen. For most headsets, we offer a 12-color selection. Order individually or as a 3, 6 or 10-pak. Each instructor using a microphone should have his/her own windscreen. Quantity discounts calculated automatically.

Supreme Sound Towers™

Mix 'N Match Components

Build the perfect sound system for your unique needs

These new Supreme Sound Towers™ were designed in January, 2013 as complete sound systems suitable for Group Ex and Cycling Studios utilizing the latest technology available.

All Supreme Sound Towers™ now feature the new Supreme Audio SPA-994 "The New Breeze" fitness/aquatic waterproof combo headset Mic system! Use it in the Gym...or Use it in the Pool!

We can help you design a sound system with your audio priorities and budget in mind. Add or swap audio components as desired. Please call Toll Free at 800-445-7398 to discuss all options.

Note: The system pictured shows the concept only. Each system listed uses a unique group of components to achieve the correct power and components to cover that size room.

Learn more...www.SupremeAudio.com/Tower.htm

"THANKS FOR ALL OF THE HELP you have given to me now and in the past. You have been so helpful and friendly to me. Your company should know what an asset you are to them. Jane, thanks for all of your help teaching about the sound system and how to identify problems we have experienced. You have really taught me a lot! I really appreciate the two of you."

Equipment Racks & Accessories

Carpeted Racks, Rolling Racks & Accessories

RACK MOUNT CASES & ACCESSORIES

Widest Selection of Rack Configurations

A great way to install rack-mountable mixers, amplifiers, CD players, tape decks and wireless microphone receivers in a sturdy case for either stationary or road use. Power Panel for "single switch" convenience.

Our expanded Rack offering includes:

Odyssey CRE Racks: Carpeted Econo Rack with optional wheels – 14 space (or other size), 17 in. deep, friction fit lids, 3 in. casters

Odyssey CRP Racks: Carpeted Pro Rack with optional wheels – 14 space (or other size), 18.5 in. deep. All plywood construction, metal hardware, heavy duty pre-tapped rack rails, 4 recessed large grip handles, recessed flush mount lids with latches and large, heavy duty stackable ball corners with or without heavy duty 3" wheels. CRP14W dimensions: 21W x 32.5H x 22D. Approx. 65 lbs.

"JUST A QUICK NOTE to pass along a few words of appreciation. I have placed several orders with your company over the past months. I have not only been pleased with the products, but more importantly, I have been extremely pleased with the way your staff conduct their business.

I find it so refreshing when I come across a company who understands customer service.

Jane has always been very professional, friendly, and polite. Your business philosophy is quite simple... as it should be. Good products, knowledgeable sales staff, and good customer support, and everything else will take care of itself.

Unfortunately, most companies in corporate America are so focused on the "bottom line" that they have lost touch with the real drivers that generate a healthy bottom line.

Whatever you are doing to encourage "Supreme" service, it is working! Keep it simple and keep doing what you are doing."

*~Darren J. Wolfe, Associate Manager
Electronics and Avionics Systems
Battelle Memorial Institute*

"Hi JANE: I JUST WANT TO THANK YOU for all of your time and knowledge with putting together the aerobics system for me.

Your help with the design, purchase and even implementation made this totally painless. You were always on the other end when I called, and always able to help and NEVER sounded annoyed (even with all of my phone calls :) I fired the system up today for the first time and it sounded super! Your recommendation on speakers and all of the gear was spot on!! She (the owner) walked in and could not contain herself today.

She was thrilled! Thank you again!!!"

Digital Signage by SupremeVision

Smarter Digital Signage Solutions

Digital signage is the next step in communications. Advertise on your own large-format LCD monitors in each facility or multiple locations within a facility. List the daily class or event schedules. Promote upcoming events. Display a weather banner or advertising from local merchants. Promote your other locations for clients who travel. There are no limits on the content. Our Creative Services Team will design a display that meets your exact needs.

SupremeVision combines the highest quality video and graphics output with easy-to-use management tools. You are in control of all content and can easily edit that content as needed. Digital signage solutions provided by **SupremeVision**. Contact us for details.

"THANK YOU FOR YOUR ASSISTANCE with the recent microphone problems at Hickam Fitness Center, Hickam AFB, Hawaii. I have worked with Supreme Audio for more than 5 years while at Wiesbaden, Germany, and again here in Hawaii. Your professional and customer-friendly staff makes it a pleasure to work with Supreme Audio. I appreciate your quality work with our uniformed services."

A Woman-Owned Small Business
Veteran Co-Owner**

Save time! Come to one source for all your fitness audio needs. We know the sound systems you require and have competitive prices!

Supreme Audio, the largest supplier of Fitness and Dance Sound Systems to Schools, Universities and Colleges, Governmental Agencies, Corporations, and DOD Military Facilities, qualifies as a “**woman-owned small business**”. We’re registered with the DOD Central Contractor Registration where all vendor information is available to DOD Purchasing Agents. We accept SmartPay™ Credit Cards, Electronic Funds Transfers (EFT) and written institutional purchase orders.

**100% Secure On-Line Shopping
Order With Complete Confidence!**

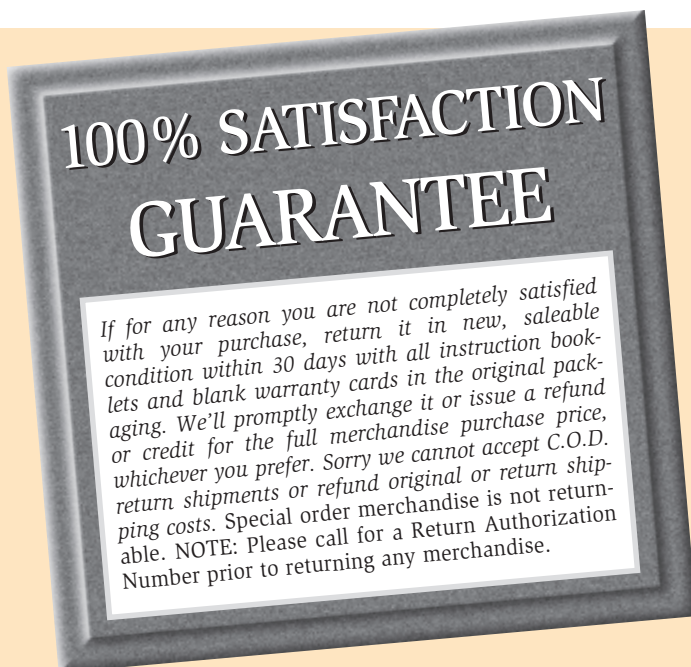

Most of the sound systems we sell are easily installed by our customers. However, some of the larger multi-zone systems are complex enough that you might want to have professional installation and set up assistance. Since 1975, we have had a network of sound contractors across the country who are qualified to do these installations. As always, we design the system and then provide our Installation Partner with all of the information they need to correctly install our equipment in your facilities.

Our Installation Partners are not our employees, but rather are all independent contractors. We coordinate, but YOU maintain full control as to layout preferences which will help your professional staff serve your clients best.

Supreme Team Installation Partners can also instruct your staff in the proper use of the equipment after installation.

We trust our Installation Partners...and you will too!

ORDERING MADE EASY:

Payment Terms: Check or money order with order, SmartPay, VISA, MasterCard, Discover Card, American Express or C.O.D. Open account privileges upon approval. Foreign remittance in U.S. dollars only, drawn on a U.S. branch of any major bank. Purchase orders accepted from schools, universities, colleges, governmental agencies, military facilities and D & B rated Corporations with an approved credit line.

Prices & Specifications: Prices and technical specifications are effective January 1, 2013 and are subject to change without notice. Supreme Audio, Inc. is not responsible for typographical, technical or illustrative errors in our Buyer's Guide or on our web site.

Shipping: We normally ship the same day we receive your order. Appropriate, fair shipping charges will be added to all orders. Where possible, we combine items to save you shipping.

Sales Taxes and Foreign Customs: We believe in compliance with all customs and sales tax regulations. Customers are responsible for payment of all customs, sales or use taxes due, whether collected or not.

Tax Exempt Institutions: If your organization is tax exempt, we must have a copy of your resale certificate or tax exempt status documents on file to avoid being charged sales tax.

Warranties: Products not manufactured by Supreme Audio are subject to limited guarantees or warranties as stated by the manufacturer. Guarantees apply to the original purchaser only. Warranty service is to be arranged directly with the manufacturer.

Damaged Shipments: If there is any shipping damage on UPS or FedEx shipments, please contact the carrier directly to initiate the claim. Save your invoice and the shipping carton—it proves the damage. U.S. Mail shipments are not insured unless you have requested and paid for insurance.

Returns: Special order merchandise is not returnable. NOTE: Please call for a RETURN AUTHORIZATION NUMBER prior to returning any merchandise.

High-Performance Speakers

SPEAKERS

Top Performance for Gyms!

Here are some Customers Responses to our Online Satisfaction Survey questions...

"What do you like Best about SupremeAudio.com?"

"I HAVE RECIEVED the most amazing customer service from Supreme Audio. They have answered all of my questions, and gone above and beyond on several occasions."

"I thought the website was extremely easy to use and has what I am looking for."

QSC POWERED SPEAKERS

Stunningly Loud...with Great Clarity!

QSC's new K Series group offers three lightweight powered speakers all powered by the same 1,000 watt RMS – 2,000 Watts Peak, class D amplifier. Sound very large areas with a single speaker. The K12 is a 12-inch two-way system with 75-degree horizontal and vertical coverage. The K10 is a 10-inch two-way system with 90-

degree conical coverage. The K8 has a 105-degree wide dispersion. Units have a 1.75" compression driver (tweeter). When the speakers are pole-mounted the tilt-direct, threaded pole socket converts to a 7.5-degree down-tilt with a 180-degree rotation of the dial. Impact resistant, molded ABS enclosure. Universal 110/220V – 50/60 Hz power supply. Automatic variable speed cooling fan. Controls: Audio Inputs: XLR, 1/4". Power, Gain A, Gain B, Mic/

Line. Large metal grab handles and a 35mm pole mount receptacle.

3 year limited extended warranty

Here are some Customers Responses to our Online Satisfaction Survey questions...

"What do you like Best about SupremeAudio.com?"

"I MUST SAY, I AM VERY IMPRESSED with the quality of the Supreme Audio entertainment system receiver. We have been using (another manufacturer's) transmitter and receiver and we've been experiencing horrendous quality since the day we installed them and our members haven't been very receptive to it. I love the ease of use of your receivers, and will be placing an order for 23 units of them soon."

~Kenny Sia, Executive Director, Level Up Fitness, Sarawak, Malaysia

SUPREME SOUNDS™

by SupremeAudio

BACKGROUND MUSIC SYSTEM EXCLUSIVELY FROM SUPREME AUDIO! NO CONTRACTS REQUIRED

No activation fee

Royalty fees included for

ASCAP, BMI, SESAC & SOCAN

36 DJ/Commercial-free music channels

Simple 5-minute self-installation

**Choose from a wide variety of
music genres & styles**

Internet Streaming Music Service

Supreme Sounds™ Background Music System by SupremeAudio™ provides 36 channels of great music for gyms. No static, no commercials, no DJs, no interruptions.

SupremeSounds™ is a unique music streaming service designed specifically for businesses. With it, you'll always enjoy crystal clear background music. And best of all, this system utilizes your existing internet connection, no need for antennas or satellite dishes.

Our expert music programmers constantly update the programs so you don't have to mix your own soundtracks. The feel and sound is uniquely "the sound of your Gym". Content is appropriate for all audiences, with no DJ interruptions or advertising.

What equipment do I need?

All you need is a sound system and a high-speed broadband Internet connection with an Ethernet cable available near your sound system. Our service is compatible with any sound system that has an available input, such as AUX or CD. The media player connects in two places: to the router via a standard CAT5 network cable and to the amplifier using a standard RCA cable.

Simple to Setup, Simpler to Use

Simply remove the player from the box, plug it into a power outlet, connect it to the internet and audio system and enjoy! There are no antennas or discs, no synchronization to your computer, and no playlists to maintain. With the SupremeSounds™ remote control (included)...managing your music is easy.

How much bandwidth does the media player use?

The Player streams at 48-128k. Recommend minimum bandwidth is 1.5 MB with unlimited service.

Affordable for All

At just \$35.95 a month, SupremeSounds™ offers the least expensive way to supply licensed background music to your Gym. The monthly fee of \$35.95 will be charged monthly until you cancel. No contract required! No long-term obligation!

You can get "music" from DMX™ or Muzak™, but at a higher price and with long-term contracts.

1 year limited warranty

Video & Audio Management System

MEDIA MANAGER NETWORK™ by SupremeAudio

VIDEO & AUDIO MANAGEMENT SYSTEM EXCLUSIVELY FROM SUPREME AUDIO!

Video Library & Player
Audio Library & Player
Still Images Gallery
DVD Player
Video Scheduling Calendar
**Live Overhead HD Camera Feed to Large LCDs
or Digital Projection Screens**
Record Group Ex & Cycle Classes
Create Instructor Certification Videos
Playback Any Video...Any Time

Better Utilize Your Cycling & Group Exercise Rooms

MediaManagerNetwork™ by SupremeAudio™ is our latest product, custom-designed to meet the unique needs of our fitness industry customers! It can turn a "much-of-the-day vacant room" into a "constant-use room".

Because certain rooms such as stationary cycle rooms have fixed equipment on the floor, they can only be used for cycling. Therefore, we've created a video recording system to enable you to get more use out of your group fitness and stationary cycle rooms...increasing use and profits!

Connect All of Your Gyms

MediaManagerNetwork™ allows you to share content and stream video from any gym to any other gym with the click of a button. Your shared content lives safely in the cloud, backed up daily. Every gym keeps a copy of the media, meaning no waiting for buffering video.

Video Scheduling Calendar

Schedule content to play at a designated time. The MediaManagerNetwork™ software will automatically start the content without user intervention.

Create and Publish Your Content

Content creation is as simple as pressing "Record". Share your content with other gyms, select individuals, or the entire internet.

External Displays

MediaManagerNetwork™ detects any external displays, such as LCD TVs or Digital Projectors. You can put any video, image, or the live camera feed onto any external display.

Access from Anywhere

With our web-based management tool, you can view and schedule your content from anywhere from a simple interface. You can also use this interface to view live video streams being presented by any gym in your network.

Systems include: See listing below. Required large TV screens or digital projectors and projection screens, professional installation and monthly software license are not included in the system price.

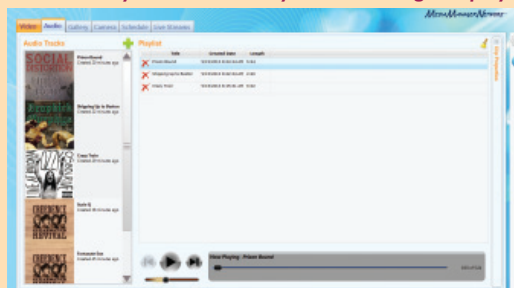

1 year limited warranty by MediaManagerNetwork™

Digital Projectors

Digital Projectors Create Excitement

Supreme Audio selects the digital projector models which give your gyms the best performance characteristics for your specific installation.

INFOCUS® IN3118HD

The InFocus® IN3118HD, a native 1080p high-definition DLP projector, delivers clear widescreen images that ensure your clients experience the full impact of your cycling or group exercise studio video. It includes a wide range of analog and digital connectivity options for your high-resolution sources.

The IN3118HD beams 3600 lumens of output for crisp, clear images in your gym or studio with high ambient light. Eco Mode (3000 lumens) extends lamp life and saves money. Keep the lights on and the audience alert. The brightness of the IN3118HD can overcome most any lighting situation.

Features & Benefits:

- Hi Definition Native 1080p (1920 x 1080) resolution
- 3600 Lumens and 3000:1 contrast ratio
- Lamp Life:
Normal Mode: 3600 lumens for 3000 hrs. in Normal
Eco Mode: 3000 lum. for 3000 hrs. in Eco Mode
- Crisp, clear images in high ambient light
- HDMI inputs 1.3 x 2 with audio
- Network connectivity RS232
- RJ45 input for control
- Installable or portable (carry case is included)
- Low maintenance; no filters to clean or replace
- 3x speed 5-segment color wheel deliver life-like color

*5 year limited warranty on the projector by InFocus
6 month limited warranty on lamp by InFocus*

MISTUBISHI® DLP® WD720U WXGA DIGITAL PROJECTOR

The WD3300U WXGA projector combines a range of additional features that make it easy-to-use and maintain:

- Mitsubishi variable lamp mode dynamically adjusts power to selected color wheel segments for more vivid color or brightness, depending on your input source material
- Side-access, center lens design with a projector chassis cutaway that makes it easy to change lens options to match your setup
- Input ports include native digital HDMI for video and DVI-D for computer data display
- RJ-45 port for remote network connection and projector management
- Optional Easy-Change Lenses – Variety of easy-to-remove-and-install optional lenses for all application needs
- Motorized Lens Shift – Provides easy, accurate, flexible install and display
- Filter-Free – No filter required – resistant to dust & dirt, no clogged filters, reducing maintenance
- 24/7 Operability – Through extensive engineering and testing, Mitsubishi can confirm the WD3300U can be operated 24 hours a day, 7 days a week.
- No More Color Wheel Dust; Long-term Image Clarity
- Sustained DLP Projector Lamp Brightness – Lamp life is estimated up to 4,000 hours (low mode).

*3 year warranty on the projector by Mitsubishi
1 years or 90 day/300 hour lamp warranty*

Paint On Screens & Projection Screens

PAINT ON SCREEN®

Single-Coat

Projection Screen Paint

Paint On Screen® is the leading single-coat projection screen paint that allows anyone to paint a screen onto any surface. In less than an hour you can paint a vivid 2D or a brilliant silver 3D screen with picture perfect 1080p HD clarity.

Paint On Screen® uses a specialized and highly refined silver metallic base to ensure pixel clarity, sharpness and uniform brightness. Our silver is known for being the most contrast-boosting and color-enhancing material of any screen type.

Paint On Screen® is very easy to apply:

It is designed to be applied just like any other interior paint. The screen can be used immediately after application. Care should be taken to ensure a smooth screen surface. A smoother screen, free of defects, provides the sharpest image. Paint On Screen® will take 24 hours to cure to perfection, but can be used immediately.

Why Is Paint On Screen® A Better Solution?

- has superior contrast and visual depth compared to vinyl or material screens.
- is a patent pending formulation of compounds developed through extensive research.
- provides flat spectral response eliminating image color shift.
- is formulated on an absolute neutral gray scale.
- eliminates 4:3, 16:9, 1.78:1, 1.85:1 and 2.35:1 masking problems.
- can clearly represent pixel resolution up to 4K Ultra HD in under 80" diagonal.

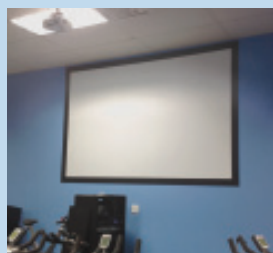

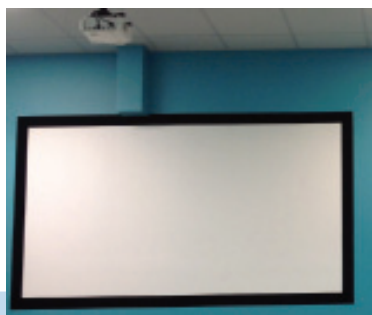

- costs hundreds less than any other solution.
- is very easy to apply. One application with no special mixing or tools.
- lasts a lifetime, and can be wiped clean and painted over if needed.
- carries a 100% satisfied, no questions asked, guarantee

1 year limited warranty
